

Leaf and yard waste WILL NOT be collected during regular collection if it is in CLEAR PLASTIC BAGS.

During regular collection, leaf and yard waste can go into your green cart. If your green cart is full, you may place UP TO three paper or compostable bags alongside of your green cart for collection.

The ONLY TIME that you may use CLEAR PLASTIC BAGS for leaf and yard waste is during Special Leaf Collection which takes place in April and November.

If you have any questions regarding leaf and yard waste collection, please call the Kaizer Meadow Environmental Management Centre at 275-2330.
